Loch Awe is a long, narrow, and sinuous lake, situated in Mid Argyllshire, and measuring about 23 miles long, though nowhere reaching more than  $1\frac{1}{4}$  miles broad. Owing to this peculiar winding formation, extensive views of water are practically unobtainable, but nevertheless Loch Awe possesses many charms of its own which make its shores a favourite touring place for travellers in the Highlands. Kilchurn Castle, once a stronghold of the Macdonalds, is now nothing more than a ruin.
